VENEZUELAN FEELING

Newspapers Rail at the Policies of the United States.

ATTEMPT TO ALARM LATIN AMERICA.

Caracas Paper Bedecked Its Columns With Mourning Borders When Aguinaldo Was Captured—Unfavorable Opinion of Uncle Sam.

New York, April 12.—A dispatch from Port of Spain, Trinidad, says efforts are being made by the official press of Venezuela to create apprehension throughout Latin America that the United States is seeking to control the new world. A great outcry is being raised over the American policy in Cuba which is cited as evidence of far-reaching ambitions on the part of the United States.

The most influential Caracas journal issued in mourning its edition announcing the capture of Aguinaldo. The Filipino leader was ranked among the great heroes of history and the American policy in the Philippines is bitterly assailed.

News from Barcelona, Venezuela, is that the Venezuelan government definitely refuses to make reparation in the case of the American consul, Mr. Balz, who was twice imprisoned, it is alleged, without cause, and from whom large sums were extorted.

Cabinet Meeting.

Washington, April 12.—The legal proceedings at New Orleans to prevent the shipment of mules to the British army in South Africa was the chief matter before the cabinet and the attorney general was directed to make an investigation of the question and report his opinion to the cabinet. As near as can be learned, members of the cabinet are of the opinion that these proceedings are contrary to the rights of the government. The view expressed is that when neutrality proceedings are inaugurated in United States courts they should be brought in the name of the United States, an alleged violation of neutrality being a question affecting nations not individuals. Attorney General Knox will make thorough investigation of the New Orleans case. If it is found the neutrality laws are such as to permit individuals to bring proceedings in courts, congress may be asked to pass such amendments as will leave these questions wholly in the hands of the government. The president submitted to the cabinet a cablegram from Secretary Hunt of Porto Rico expressing satisfaction with Governo Allen's continuation at the head of the insular government, and denied the reports of disaffection, discontent and destitution in the island.

Official Inquiry Instigated.

Washington, April 12.—The information in the possession of the department of agriculture regarding the British government's decision to buy only homebred beef for its army supplies after June 1 consists of the advices from three large packing houses in Chicago and the press report from London confirmatory of these advices. No official confirmation has been received. Secretary Hay has cabled Ambassador Choate to make inquiry into the reason for the order of the British government, a measure which excludes the American refrigerated beef heretofore used. This action is taken at the instance of the department of agriculture.

Postal Clerk Arrested.

Philadelphia, April 12.—Postal inspectors arrested Jerome S. France, an employee of the main postoffice in this city on a warrant charging him with stealing and rifling the mail. France was what is termed a "state casser," and his duty was to distribute mail into cases for each state in the union. For several weeks complaints have been received from various sections of the country of mail being tampered with. Postal inspectors were put on the case and as a result France was arrested while at work in the postoffice. The inspectors say France made a partial confession.

Will Resume Patent Practice.

Washington, April 12.—Walter H. Chamberlain of Chicago, tendered his resignation as United States assistant commissioner of patents. The resignation will take effect May 1, when Mr. Chamberlain will resume the practice of patent law. Mr. Chamberlain called on President McKinley and explained that he cannot afford to remain here and neglect his practice.

Will Manage an Ohio Line.

Watertown, N. Y., April 12.—S. R. Smith has resigned as superintendent of the Black River Traction company in this city and will become general manager of the Cincinnati, Columbus and Southern railway, an electric line, with Cincinnati and Columbus as the terminals.

AGUINALDO'S SUCCESSOR.

Sandico Said to Have Been Selected. Report That He Surrendered.

Paris, April 12.—Agnicillo, the agent of Aguinaldo in Paris, received a cablegram Friday morning announcing that the Filipino general Sandico has been elected to succeed Aguinaldo as commanding general of the Filipino forces as well as director during the continuation of the war.

Sandico belongs to a distinguished family residing at Pandakan, near Manila. He is a man of energy and is well educated, speaking several European languages. It was announced April 8 in a dispatch from Manila that General Sandico surrendered to the American authorities at Cabanatuan, in the province of New Ecija, Island of Luzon. It was added that Sandico has a bad record and might be tried.

Marine Insurance on War Basis.

San Francisco, April 12.—Vessels bound from this coast to Chinese and Japanese ports must carry extra insurance and have been put on a "war risk" basis. This means a heavy addition to the usual rates of insurance and comes in the class of special hazards. The reason for this decision on the part of the marine underwriters is the strained relations between Japan and Russia. The first vessel on which war risks were written was the Hongkong Maru, one of the Japanese line, which sailed with extra lines of insurance on hull and cargo.

Ohio Incorporations.

Columbus, O., April 12.—Stratford Building company, Cleveland, \$25,000; Aquilla Benevolent Circle, Cincinnati; Nashville Presbyterian Cemetery Association, Nashville; Youngstown Building & Realty company, Youngstown, \$100,000; Cleveland and Ashland Railroad company, Cleveland, \$1,000; Greenfield Printing and Publishing company, Greenfield, \$10,000; Star Telephone company, Ashland, increase from \$50,000 to \$100,000; Cleveland, Painesville and Eastern Railroad company, Cleveland, certificate as to extension of line.

To Revise Passenger Rates.

San Francisco, April 12.—Railroad business of great importance will be transacted at the Transcontinental passenger meeting at Belmonte, Monday. A large number of delegates en route from the east to attend arrived in Los Angeles and will leave southern California Monday morning in a special train direct to Monterey. Among the subjects on the program is the fixing of rates for a number of important meetings to be held in various parts of the country.

Lyman Will Face the Music.

New York, April 12.—Dr. John John Grant Lyman, promoter of the International Zinc company, will, according to his counsel, John J. Vause, return to the city to answer the suits against him. He offered to compromise with Charles F. Stewart, said Mr. Vause, for the face value of his stock, \$4,500, but Mr. Stewart wanted \$26,500. Dr. Lyman left New York three weeks ago after selling his seat on the stock exchange for \$52,000 to Erich B. Dahlgren.

Conflicting Reports.

Seattle, Wash., April 12.—Colonel J. C. McCook, United States consul for the Klondike, whose dangerous illness was announced in Dawson advices a few days ago, is reported dead of pneumonia. A private dispatch says the announcement was premature, that Colonel McCook was still alive, but at death's door. Colonel McCook is said to have contracted pneumonia while returning to Dawson from his Philadelphia home.

Jersey Central's Election.

New York, April 12.—George E. Baer, J. S. Harris, J. Lowber Welsh, Charles Steele and E. E. Thomas were elected directors of the Central railroad of New Jersey. George E. Baer was then elected president of the company. Mr. Baer is also president of the Reading railway which controls the Central railroad of New Jersey.

Boers Captured.

London, April 12.—A dispatch from General Kitchener from Pretoria dated April 11 says Colonel Monro's mounted infantry, after two hours' hard fighting, captured 80 prisoners, including Commandant Bresla, at Lietfindeyue, near Dewetsdorp.

As an Experiment.

London, April 12.—The British war office confirms the report that it is going to try the experiment of supplying the army with only home grown beef. The experiment will extend six months from June 1.

Americans Abroad.

London, April 12.—Mr. Eustis has arrived from America to take up work at the embassy as third secretary. The inrush of American visitors has begun unusually early.

Fishing Steamer Foundered.

Altona, Holstein, April 12.—The fishing steamer Emma was lost during a storm in the North sea.

WHAT CHINA CAN PAY

Three Hundred Millions Can Be Raised To Pay Indemnities.

MORE MAY BE FOUND AVAILABLE.

Ministers Anxious to Have Foreign Troops Withdrawn—Week Given Over to Amusements and Tent Pegging at Temple of Heaven.

Peking, April 12.—The committee of ministers which is considering China's resources has reached the conclusion based upon what information is thus far obtainable, that \$300,000,000 in gold can be raised without injuring China's resources. The examination by the committee into the subject is incomplete and it will probably be subsequently learned that other Chinese resources for indemnities are available. The discussion of politics this week gave place to amusement, commencing with the German races at the hunting park Monday. The remainder of the week was devoted to international races, an assault at arms, and tent pegging at the Temple of Heaven. The Russians particularly celebrated the Easter holidays.

The ministers openly express their desire that the foreign troops leave Peking. They are seemingly as anxious for the departure as were the besieged ministers anxious for the arrival of the troops.

Russia Bulldozing China.

London, April 12.—Japan's attitude with regard to the Chinese situation is now more clearly defined. When the Chinese court returns to Peking another protest will, it is said, be sent to Russia against the occupation of Manchuria. The Russian minister in Peking is reported to have been instructed to adopt a policy of terrorization toward China in the hope of compelling the imperial court to agree to a Manchurian treaty.

Reducing Forces in China.

London, April 12.—A dispatch from Peking says the French military authorities contemplate withdrawing 7,000 men at an early date. The Germans are preparing to repatriate the infantry brigade. The indemnity claims are now understood to total £60,000,000.

Leprosy in Canary Islands.

Washington, April 12.—The existence of about 200 lepers on island of Teneriffe, Canary Islands, has been officially reported here by United States Consul Berliner. The provincial government at Teneriffe has lately built a large building about two miles out of town. The building has two separate wings, one for insane patients and the other for lepers. United States Consular Agent Swanson, on Grand Canary Island, in an accompanying report says leprosy there is decidedly decreasing. There are 50 patients in the leper hospital at Las Palmas. A few families infected with the disease live in their homes.

Havana Stevedores Offended.

Havana, April 12.—Captain Lucien Young, captain of the port of Havana, has sentenced Secundino Torral de Garcia and Julio Urrutia, editor and director of El Stevedore, to 60 and 30 days respectively in Alturas prison, for a libelous article in which it was said that Young lied when he sent General Wood a copy of the paper purporting to contain the agreement with the stevedores reached in the recent strike. Young has a harbor court and authority for his action. The stevedores are greatly incensed and threaten to make trouble.

Franco-Russian-Italian Alliance.

St. Petersburg, April 12.—The newspapers express keen satisfaction at the festivities at Villerfranche and Toulon, as evidencing the strengthening of the Franco-Russian alliance, and they consider that the Franco-Italian rapprochement is calculated to lead to the early conclusion of an alliance between Russia, France and Italy, which, in view of the pacific sentiments of the three powers would, in the opinion of the newspapers of St. Petersburg, constitute an efficacious guarantee of European peace.

Scotland's Bank Notes All Good

Edinburgh, April 12.—Officials of the bank of Scotland deny all knowledge of the forging of the bank's £20 notes by the alleged forgers John A. Skoog and Emil Moberg, now in custody in New York, and say no counterfeit notes of the bank's issue have come to their notice. The police of Edinburgh also deny knowledge of the counterfeiting of the bank's notes.

Noted Mormon Is Dead.

Monterey, Cal., April 12.—George Q. Cannon, 75, is dead. He breathed his last without a struggle. The body was shipped to San Francisco to be embalmed and reshipped to Salt Lake City, where interment will take place.

CALLED SUDDENLY.

Chairman Walker of the Santa Fe Died of Heart Disease.

New York, April 12.—Chairman Walker of the Atchison, Topeka and Santa Fe railroad died suddenly at his home in this city of heart disease. His death came as a surprise. He had not been feeling well for two weeks but was not so ill as to create any concern among his friends and family. He was to have sailed for Europe Friday and all arrangements had been made for his departure. Mr. Walker leaves a widow and two children.

Aladice F. Walker was born in West Rutland, Vt., in 1842. He was educated at Middlebury, Vt., college and at the Columbia law school, after which he served with the New York volunteers in the civil war advancing to the rank of lieutenant colonel. After the war, Mr. Walker practiced law in New York from 1867 to 1873 when he removed to Rutland, Vt. In 1882, he was elected a state senator in Vermont and from 1887 to 1889, he served as a member of the interstate commerce commission. On leaving the interstate commerce commission, Mr. Walker became chairman of the Western Traffic association. His connection with the Atchison, Topeka and Santa Fe railroad began in 1894, when he was appointed receiver of the company's property. After the reorganization Mr. Walker was made chairman of the board of directors and he retained this position up to the time of his death.

Record Breaking Blizzard.

Denver, April 12.—The weather has cleared, after a continuous snow storm of 96 hours, and the snow is melting rapidly. The storm was the most extensive known in April along the eastern slope of the Rocky mountains in 10 years. There was but little snow on the western slope. Rotary snow plows were kept in operation on all railroads running over the divide and passenger trains were run although the schedules were badly disarranged. Many freight trains were stalled in snow drifts and no train was run except on special orders. Service on several mountain lines was entirely abandoned. All the roads are again opened. Three collisions occurred in the blinding snow between Denver and Pueblo, the most serious at Eden, between Rio Grande and Atlantic express and the Rock Island passenger train from the east in which six persons were slightly injured. The storm was of great benefit to farmers.

Pittsburg Detective Killed.

Pittsburg, April 12.—As soon as as the murder of Kahney was reported to the police department, Superintendent O'Mara, put the entire force of detectives to work on the case. Several officers came upon three suspects on Fulton street who immediately opened fire. The officers promptly returned the fire and in the fusillade that followed "Paddy" Fitzgerald, one of Pittsburg's oldest and best known detectives was almost instantly killed and two other officers are reported wounded. Before Fitzgerald fell he wounded his murderer and the other officers succeeded in arresting the trio and lodging them in jail.

Pottery Strike Threatened.

East Liverpool, O., April 12.—All indications point to a possibility of the greatest strike among pottery workers in the history of the business in America. President Hughes of the Potters' Brotherhood, Secretary Duffy and other officials are using their influence to prevent a strike. The kiln men are the latest to present a grievance. They want \$1.50 per kiln or about \$4 per day. Dissatisfaction seems rampant in all departments and Saturday may bring the fated move that will paralyze business here for some time to come. If the men decide to strike workers all over the country, numbering 170,000 will quit work.

Supposed to Have Plague

Ann Arbor, Mich., April 12.—Dr. Novy when asked regarding the condition of Charles B. Hare, the student who is supposed to have the bubonic plague said: "Nothing has been decided but he is recovering rapidly. He is out of bed and walks around occasionally inside the contagious ward. He will be kept there until week after next and until it is certain he cannot spread any infection. Mr. Cummings, a fellow student, who is caring for Hare, has not been infected and preventives are still being applied to him."

Frankfort, Ky., April 12.—The bulk of the testimony from the prosecution in the case of Captain Garnett D. Ripley has been heard. Senator Newton Frazier of Shelby county, Ed Steffie, Silas Jones of Whitley county, who came with the mountain men Jan. 25, Adjutant General Murray, Graham Vreeland a newspaper correspondent, Captain Hawn, of one of the Barbourville companies, Captain Watkins of Williamsburg and others testified but little was developed that was not incidental to former trials.

IN DEFENSE OF RUSSIA

American Who Says the Land of the Tsar Is Misunderstood.

JEALOUSY OF THE BRITISH EMPIRE.

Purpose of Russia in Manchuria Is Merely to Protect Railway Interests—No Desire to Annex the Southern Chinese Provinces.

New York, April 12.—A recent arrival from China is Ralph James, who for nearly 15 years has been extensively engaged in mining at Kalgan, near Peking and in Siberia. Since his arrival he has placed orders for machinery to cost nearly \$400,000.

In an interview Mr. James said: "I have just returned from a long sojourn on Russian and Chinese soil. It is my opinion that Russia will never take Manchuria or permit others to seize it. Russia and the Russians are misunderstood. The evil of the misunderstanding is easily traced. It is due to the diplomatic use of newspapers by Great Britain. The latter is a jealous nation with a powerful navy. Her great factories have lost the trade with Russia and America has gained it. In 1893, the Russian government first received a concession in Manchuria from China. Russia made a formidable fort out of Port Arthur and constructed a railroad across Manchuria at a cost of over \$50,000,000. Last summer, during the troubles over \$30,000,000 damage was done this railroad by the Boxers. In order to save her property, and preserve it from entire destruction Russia sent 125,000 soldiers along the road and the Chinese who had become roving bands of outlaws and thieves were driven almost entirely from the country. The emperor of Russia is a home-loving man, and his subjects who are now in that Manchurian army are of the farming class of Siberia, and it is the emperor's wish to have his army sent home, where they are needed to prepare for the coming season's crops. Still Russian property must be protected and with such purpose in view Russia tried to gradually withdraw from Manchuria making terms with Chinese officials to protect the great railroad. The Chinese are well aware of the close friendship of Russia. They know that in 1893 the czar prevented Manchuria, Mongolia and Tibet from revolting and raising the Russian flag over their countries. The highest officers and priests of those three countries have visited the czar every year, praying for permission to raise the Russian flag over them and every time these representatives receive the same answer: 'Russia will never permit her flag to be raised over your countries. We want your country peopled by its present citizens as a great open field and barrier between the populated districts of China proper and the borders of Russia.' Had one gone along the line of the trans-Siberian railway last fall as I did, during the illness of the czar, there would have been a sight worthy of attention of other nations to behold and ponder over. All the way from Vladivostok in the east to Moscow in the west, men, women and children were kneeling in the streets in prayer for the recovery of their father, the czar. The recent troubles in St. Petersburg were not of a serious character and were greatly magnified by the press, particularly by the English. All this talk about the czar's guards and steel houses is bosh. The cabinet officers can be seen any day riding along the Nevsky Prospect and are seen of an evening at hotels and restaurants."

Fierce Battle in Arabia.

Bombay, April 12.—Ibu Rashid has recovered the kingdom of Nejd, Central Arabia, after defeating Mabaroun, sheik of Koweyt, who recently seized the city of Nejd and deposed Ibu Rashid, after a pitched battle. The army of Mabaroun was lured into a narrow gorge, where the hordes of Ibu Rashid swooped down from the mountains and overwhelmed their enemies. The fugitives, who have reached gulf points declare that 5,000 men were killed, fate of Babaron unknown.

Method in Dewet's Madness.

London, April 12.—A fresh series of dispatches and additional reflections on a revival of negotiations between Lord Kitchener and General Botha lack the flavor of novelty. There is too much method in General Dewet's madness to convince military men that he has become demented or irresponsible.

NOAKS and Gold n have not yet appeared in the Ripley case, but a negro ex convict sent up for grand larceny seems to be answering the purposes of the prosecution satisfactorily.—Lexington Leader.

Now will the Leader please tell us what it thinks of the testimony of ex-Governor Bradley and Judge Yost?

INDIANA's new law to prevent lynching provides that where a prisoner is taken from the custody of a Sheriff and lynched the Sheriff's office shall be declared vacant. Many an officer would use his power to protect his prisoner, remarks the Courier-Journal in commending this law.

HON. CARTER HARRISON has been elected Mayor of Chicago three times in succession, and his majority this year is the largest he has yet received. His growing popularity in that city shows that he must possess those sterling qualities that win. A young man himself, comparatively speaking, he is in hearty sympathy with the vigorous and progressive element of the land, and his friends and admirers are predicting, or are at least hopeful, of greater things for him, politically, in the near future.

Mr. James A. Myall, of the Mayslick line, has a handsome new omnibus, and is now in a position to give his patrons the best accommodations possible.

Rev. J. W. Porter will preach at both hours to-morrow at the Baptist Church, Sunday school, 9:30 a. m. Young People's meeting 6:30. The evening service will begin at 7:30, instead of 7 o'clock. The public cordially invited to attend all the services.

Perhaps your watch don't keep time—runs too fast or too slow or may be it stops. Bring it to us, and no matter what is the trouble we will make it keep time to perfection and not charge you any more than others who are not competent to do first-class work if they wished.

You can find them at Nos. 12 and 14 East Second street. See advertisement.

Rev. W. R. Huntington, rector of Grace church, New York, has made public the fact that nearly \$100,000 was collected in that church on Easter Sunday. This is the largest single collection in the history of the church. Members of the congregation knew that Dr. Huntington desired a large sum of money for a proposed enlargement of church work, but there was no special call for contributions.

MILLIONS FOR ROCKEFELLER.

His Fortune Said To Have Increased \$300,000,000 Since Election—W. K. Vanderbilt Ahead \$35,000,000.

New York, April 11.—The greatest individual winner in the bull market is said to be John D. Rockefeller, who is \$300,000,000 better off than a month before the election of McKinley. The advance of Standard Oil alone shows a profit on his 38 per cent. interest aggregating \$65,000,000.

On his known holdings it is easy to figure profits of at least a quarter of a billion from prices ruling half a year ago.

W. K. Vanderbilt is believed to have been the biggest winner in Wall street next to Rockefeller. In addition to his immense investment holdings, Mr. Vanderbilt loaded up with the largest speculative line of stocks ever carried by a single person—more than 1,000,000 shares. He is probably ahead \$35,000,000, and his fixed holdings have increased correspondingly in value.

GOEBEL'S MURDER.

Republican Journals Attempt To Belittle Bradley's Testimony.

The Time Has Passed for Further Attempts to Shield the Assassins.

[Enquirer.]

Honest men, without regard to party, and without considering the individuality of the late William Goebel, are getting tired of the misetale, pettefogging attempt to belittle the murder at Frankfort which so startled the country a few years ago. The killing of Goebel was without question a political assassination. There has been sufficient evidence, repeated many times, to show that there was conspiracy, and the man who was to be the principal beneficiary of Goebel's death has been substantially a fugitive from justice for many months, and has used his exemption from arrest to the friendly and strained action of the Governor of a neighboring State.

In the trial of Garnett Ripley at Frankfort on Monday ex-Governor William O. Bradley was placed on the witness stand. He had not been called in the previous trial of men indicted for complicity in the Goebel murder, and it is plain that the defense did not want him, though he had such intimate relations with the Republicans that he was one of "Governor" Taylor's counsel. Governor Bradley testifies that on the day before the shooting of Goebel he had a conversation in Frankfort with Ripley, who was in command of one of the military companies, and who was aggrieved at the treatment he had received at the hands of Taylor. Here is a short extract from the ex-Governor's testimony: "He (Ripley) said that on the day before Mr. Goebel was killed he went into the Executive office to see Governor Taylor; that he went up to him and said to him: 'When shall I bring my men, or bring my company?' And that Governor Taylor responded: 'My God, haven't you brought your men yet? Bring them at once. Goebel can't live another day, or won't live another day.' That is about the substance of the conversation as I recollect."

Of course, Governor Bradley did not desire to be called to the witness stand, but being there he told the truth, though it was against one of his clients. It appears from his testimony that on another occasion he heard of a threat to assassinate Goebel as he would walk out of the State House, and until positively assured that the bloody work would not be undertaken persisted in a purpose to warn

beginning at the Nicholas County line and extending to the Fayette County line, passing through Paris. Work on this line must be begun in good faith within twelve months from July 1, 1901, and the road must be in operation within three years from the date of granting the franchise. The line must be equipped for carrying freight as well as passengers. The part of the road from Paris to the Nicholas County line will be built first, and then the part from the Fayette County line to Paris.

The gentlemen to whom these franchises have been granted are all men of wealth and with push and energy. It is gradually beginning to dawn upon the minds of even the most sleepy headed Paris citizens that something must be done in order to keep pace with the push and energy that is being developed in our neighboring cities. If the capitalists of Paris and Bourbon County do not take hold and develop our resources, foreign capital ultimately will. There is no doubt but that the gentlemen to whom the above franchises have been granted are thoroughly in earnest, and we may confidently expect to see in the next two years, at the most, electric roads traversing most of the principal roads of the county.

MRS. HARRIET TUGGLE.

An Old and Beloved Citizen of Lewisburg Joins the Silent Majority.

This morning at 5 o'clock death claimed one of the oldest and most beloved citizens of Lewisburg in the person of "Grandma" Tuggle.

Mrs. Harriet Tuggle, widow of the late John Tuggle, was seventy-six years of age, and had spent most of her life a member of the Baptist Church at Lewisburg. She passed away quietly and peacefully, with her children and grandchildren at her bedside. Although old, feeble and unable to mingle with them, yet she had many friends, and the community deeply mourns the loss of one that all had learned to love.

The funeral will be held Sunday at 2 o'clock at the Lewisburg Baptist Church, with services conducted by Rev. H. F. Searcy, assisted by Rev. C. Keyes. Burial in the Lewisburg cemetery.

THE BEE HIVE

THIS STORE is never content to rest upon its oars. The selling shall never lag nor the interest come to a standstill. Every day must see a crowd thronging the aisles, in season and out. And just now, on the threshold of a new season, we redouble our efforts to start the wheels of trade in liveliest motion. The bargains that result will bring bigger crowds and give us a new and greater fame for underselling than ever.

TRIMMED HATS

From \$1.75 to \$5.98.

Now that Fashion has set her mandate, you can choose with greater freedom. Lots of women wait until after Easter to buy Millinery, and for this reason we have provided a bigger assortment than ever. Our Hats are winning additional favor every day. We have crowded in all the style usually in Hats costing double. They are copied for the most part from expensive models and the result is more actual prettiness and style-exclusiveness than you would think possible. We extend to you a cordial invitation to look at our Trimmed Hats. We shall take much pleasure in showing you through, whether you buy or not.

This school is doing a great work for the mountains of Eastern Kentucky and is in a prosperous condition. An addition to the buildings will be erected this year at a cost of \$3,000.

It will be observed that those corset cuts have been turned right-side-up-with-care to-day. The fact that their positions were reversed in yesterday's paper seems to have disturbed the peace of mind of a few old "codgers" and young "bucks" who were not supposed to know anything about this article of feminine apparel. Inasmuch as the eagle-eyed proof-reader and intelligent compositor are both "family" men, the oversight can only be explained by the fact that "familiarity breeds contempt."

I Don't
Want

Mrs. Lizzie Forman Marshall.

The announcement of the death of this good woman told of a loss that can never be repaired, of a sorrow which only heaven can fully comfort.

As wife, mother, relative and friend and neighbor, in all the relations of her life, so faithfully, so cheerfully were its duties met and fulfilled that all who came in contact with her felt her sweetening influence.

In her home which she brightened and guided for nearly half a century has now only the memory of her self-sacrificing love, her untiring devotion to her loved ones and those in the sphere of her life.

It was often said by those who knew her best that she had never drawn a selfish breath. All her energies were devoted to the happiness of those around her.

Now was the right of her life shed - only in her household. It extended through a wide circle of kindred and friends.

Of her it may truly be said that "Her children rise up and call her blessed and her husband also, and he praiseth her."

She died in the hope of a blessed resurrection, and trusting in her Savior. May her husband be supported by the hope of a joyful reunion, as they will surely be comforted by the fragrance of a life which has ended on earth only to bloom forever in heaven.
